

Features

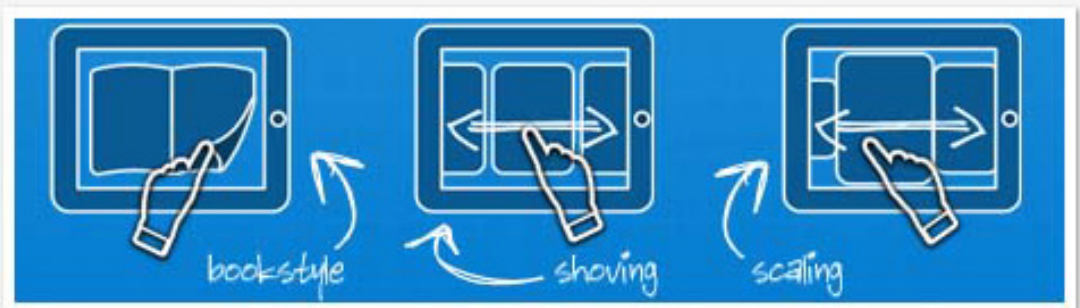

Catoo has a bunch of usefull features, which you can find on this page. All of them have been created to make the experience for the user fluent and fancy. Besides that, all features can be used very simply by the developer.

All basic features are included in **Catoo Basic** and **Catoo Diamond**.

Scrolling effects

Present your catalogs in the coverflow or grid view

Slide through pages via shoving, scaling or use bookstyle mode.

Zooming

Use smooth and superfast zooming (pinch-to-zoom)
